

## Remarks

### For the Drawings:

This Preliminary Amendment amends Fig. 12 in the area of heat adapter unit 1234. No new subject matter is introduced. The amendment to Fig. 12 cures an inconsistency between originally-filed Fig. 12 and the written description. Amended Fig. 12 now correctly depicts the subject matter presented in the written description at paragraphs 135-138 and is consistent with the written description of paragraphs 144, 145, and 147.

### For the Specification:

This Preliminary Amendment amends the specification at paragraphs 0069, 0174, 0191, 0199, and 0201 to bring the text and figures into better agreement, to correct minor grammatical errors, to improve internal consistency. No new subject matter is introduced.

Respectfully submitted,

A handwritten signature in black ink, reading "Lowell W. Gresham". The signature is fluid and cursive, with a long horizontal stroke at the end.
